## SKYLINE LINE ON 6

Available colors:

○ 564-W6

● 564-B6

Beam angle:

0°

LED Color:

3000K

System Power:

6W 350mA

CRI:

90

Lumen output:

722lm

Location:

Interior

Product dimension:

186x22x100mm

Input:

48V

IP:

20

Class:

I

SKYLINE is a brand new idea of running magnet systems. UNI LUCE uses the most advanced technologies and achievements in lighting and electronics. In close synergic co-operation with STUCCI Italy, we have created the most advanced system.

RECESSED TRACK SYSTEM for plywood wallboard installation. The plywood thickness can be used from 9mm to 25mm, the recessed track installation are regulated by the installation brackets. The position of lamps can be easily changed. The lamp is easily installed in any place in the track. Special fixture gives additional safety to the lamp. The SKYLINE track can be used with decorative PC cover in case of necessity. The technology is patented.

Special modifications of the lamps can be with DALI, 1-10V or DIM2WARM on request.
