## STRING 12

Available colors:

- 1681- 12
- 1681-W12
- 1681-GR12
- 1681-DGR12

Beam angle: 10° 19° 28° 63°

LED Color: 3000K 4000K 6000K 5000K

System Power: 13,5W

CRI: 90K

Lumen output: 1344lm

Material: die-casting powder coating aluminum

Location: Exterior

Fixation: Bollards

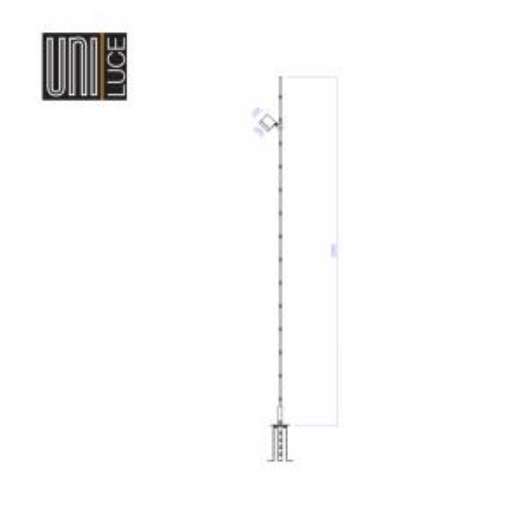

Product dimension: D105 x 3000mm

Input: 220-240V 50/60HZ

IP: 65

Class: III

Light Source: LED

As a projector for exterior use, STING has many appearances. It comes as a slim bollard with 1 or 2 light units. Like this, STING can be used throughout a complete outdoor project, to light up trees, emphasize architecture or highlight pathways.

Although compact in size, the clever design of STING offers a solution without any visible cabling outside of the luminaire. The hinge of the projector not only serves to tilt it into the wanted direction, it also hides away a passage for the cabling.

Uniform in design, STING comes in wide range of beam angles: from narrow 10° up to wide one with 63.°
