The ALMA family of outdoor step lights comes in two sizes with D45 & D70mm. With a diffuse output that guarantees excellent visual comfort, its light offers way guidance in driveways, external walkways and steps in residential and hospitality contexts. The light is perfectly uniform thanks to a mixing chamber built into the resin body, which is rated IP67. ALMA is a versatile fixture that can be installed flush with the surface using an outer casing and is also suitable for wall mounting to produce artistic and emotive lighting.
