The ZORRO luminaire ensures a playful light and gives you a lot of freedom. So you can put together an attractive or artistic cluster of light by combining multiple devices. You can also choose the color of the light: warm white or cool white. The fixture itself, which is semi recessed and semi surface, is available in aluminium grey or white and also comes in a version for outside, giving you the opportunity to make your façade stand out. Thanks to the adjustable beam angle function, its becoming easy to make any lighting pattern on the wall.
